PPE Product: Derma-Care 56-500, ambidextrous powdered natural rubber disposable gloves with a smooth surface finish, which are available in six nominal.
The products are described in the manufacturer's technical file reference PPE3 specification GS.LP, issue 1.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant standard, which had been previously assessed and deemed to meet the basic health and safety requirements of the Directive, EN 374-1:1994.

The performance of the PPE was found to be as stated in the manufacturer's information notice (Derma-Care 56-500). This document in English has been inspected and found to have addressed all of the relevant requirements of the standard. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive, are implemented and maintained while the model is in production.
